Message from the Editor-in-Chief

The Editor-in-Chief invites contributions of research articles or reviews for publication in *Applied Mechanics* (ISSN 2673-3161). *Applied Mechanics* is an international peer-reviewed open access journal published quarterly, and covers a wide range of topics related to mechanics of solids and structures and its engineering applications. Contributions are welcome on recent scientific research and development using different research techniques such as analytical, numerical, and experimental methods. We also invite you to offer any proposals for Special Issue topics that you feel would be of interest.

Editor-in-Chief

Prof. Dr. Magd Abdel Wahab

Aims

Applied Mechanics (ISSN 2673-3161) is an open access, international journal of scientific research on applied mechanics. It publishes original research articles, reviews, communications, technical notes, as well as Special Issues on particular subjects. There is no restriction on the maximum length of the papers, and all manuscripts undergo a rigorous peer-review process before publication.

The journal aims to provide an advanced forum to report fascinating research results mainly in classical continuum mechanics; mathematical modelling and computer methods; mechanics of solids, static and dynamic of structures, materials engineering; mechanics theories with application to civil, mechanical, and aerospace structures. The journal publishes recent scientific research and development in the above-mentioned topics using different research techniques, such as analytical, numerical, and experimental methods.

Scope

- Solid mechanics
- Structural mechanics
- Kinematics and dynamics
- Fracture and damage mechanics
- Fatigue of materials
- Contact mechanics
- Mechanics of materials
- Wear and tribology
- Heat transfer in solids
- Bio-mechanics
- Fluid mechanics
- Mathematical models and numerical models in applied mechanics
- Civil engineering
- Mechanical engineering
- Aerospace engineering

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Coverage by Leading Indexing Services

ESCI (Web of Science), Scopus and other databases

Rapid Publication

A first decision is provided to authors approximately 20.4 days after submission; acceptance to publication is undertaken in 4.1 days (median values for papers published in this journal in the first half of 2025)
