# Message from the Editor-in-Chief

Welcome to *Pathophysiology*, a premier platform for cutting-edge research in pathological processes since 1994. We are an international, peer-reviewed journal, providing a forum for high-quality studies on the etiology, development, and resolution of diseases. We encourage interdisciplinary and innovative therapeutic strategies.

As the official journal of the International Society for Pathophysiology, we uphold the highest standards of scientific rigor. Published quarterly by MDPI since 2020, we now have an Impact Factor of 2.6 and offer very rapid publication times. We accept diverse article types, ensuring impactful research through a rigorous peer-review process.

Consider *Pathophysiology* for your next publication to advance the field of disease research.

## Editor-in-Chief

Dr. Jonathan Steven Alexander

---

## Aims

*Pathophysiology* (ISSN 1873-149X) is an international, peer-reviewed, open access journal which provides a forum for advanced studies related to the etiology, development, and elimination of pathological processes. Contributions relating to the basic mechanisms underlying these processes, model systems, and interdisciplinary approaches are strongly encouraged.

---

## Scope

- General pathophysiological processes: inflammation, infection, hypoxia, stress, shock, pain, dysregulation of normal homeostatic processes
- Cellular and molecular pathophysiology
- Neuroscience, neuroimaging, neurovascular disease and neuropathology
- Heart and circulation
- Respiratory system
- Renal, fluid and electrolyte pathophysiology
- Gastrointestinal and hepatic system
- Endocrine system
- Metabolic disorders
- Blood system
- Immune system
- Reproductive system
- Locomotor system

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### 2024 Impact Factor: 2.6

(*Journal Citation Reports* - Clarivate, 2025)

### Journal Rank

JCR - Q2 (Pathology) / CiteScore - Q2 (Pathology and Forensic Medicine)

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

### Coverage by Leading Indexing Services

ESCI (Web of Science), Scopus, PMC, PubMed, and other databases

### Rapid Publication

A first decision is provided to authors approximately 24.7 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025)
