Message from the Editor-in-Chief

Microwave is an international, peer-reviewed, open access journal dedicated to advancing research in microwave theory, technology, and applications. It provides a global platform for scientists and engineers to share discoveries, technological innovations, and cutting-edge developments. Covering key areas such as microwave components, antennas, propagation, and applications in communication, sensing, and biomedicine, *Microwave* ensures rapid dissemination of high-quality research and interdisciplinary collaboration. Join us in shaping the future of microwave science and engineering by contributing your work to our dynamic society.

Editor-in-Chief

Prof. Dr. Changjun Liu

Aims

Microwave (ISSN 3042-5697) is an international open access journal on the science and engineering of microwave and its applications. *Microwave* publishes reviews, research articles, short communications and letters. Our aim is to encourage scientists and engineers to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. Full experimental and/or methodical details must be provided.

Scope

The journal welcomes high-quality original research, review articles, and technological advancements in the following areas, including but not limited to:

- Biomedical and Biological Applications:
- Electromagnetic Science and Engineering
- Microwave, Millimeter-Wave, and Terahertz Technologies
- Metamaterials and Metasurfaces
- Communication, Sensing, and Networks
- Energy, Power, and Sustainable Applications
- Material Science and Chemistry
- Quantum and Emerging Technologies
- Artificial Intelligence and Advanced Fabrication

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer - Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

Rapid Publication

A first decisions in 19 days; acceptance to publication in 4 days (median values for MDPI journals in the first half of 2025)
